Licenses will be invoices yearly.

Orange will convert the relevant currency amounts into local billing currency using the average of the exchange rates for the relevant currency-to-local currency published by the European Central Bank and prevailing each business day of the month preceding the month in which the invoice is issued. In the case of a local currency for which the European Central Bank does not publish an exchange rate, Orange will apply the exchange rate published by an internationally recognized financial information services company or such other rate as mandated by applicable local law and will identify for Customer the source used.
