The screenshot shows the UiPath Automation Center interface. On the left, there's a sidebar with sections for Home, Recent, and Automations. Under Recent, there are three items: '業務-沖帳流程-自收系統' (Last Run: 12 minutes ago), '業務-沖帳合併檔案作業' (Last Run: 20 minutes ago, highlighted in blue), and '資金-銀行委代扣傳票製作' (Last Run: about 3 hours ago). Under Automations, there are two items: '會計-每日沖帳流程-總帳系統' (Last Run: about 6 hours ago) and '會計-發票開立流程-發票系統' (Never ran). At the bottom of the sidebar is a search bar. On the right, a detailed view of the '業務-沖帳合併檔案作業' run history is shown. The history tab is selected, showing a list of runs. The most recent run is circled in red and has a green checkmark icon next to it, indicating success. The log entry for this run is: '2025/2/10 - PM 01:11 Ran successfully - 2025/2/10 - PM 01:12'. Below this, there are five error entries, each with a red exclamation mark icon: '2025/2/10 - AM 10:32 Error - 2025/2/10 - AM 10:32', '2025/2/10 - AM 10:29 Error - 2025/2/10 - AM 10:29', '2025/2/10 - AM 10:17 Error - 2025/2/10 - AM 10:18', '2025/2/10 - AM 10:14 Error - 2025/2/10 - AM 10:15', and '2025/2/10 - AM 06:00 Error - 2025/2/10 - AM 06:00'.
